

Console Connect Private Label: Reselling NaaS made easy

Enhance your customer experience, expand your service offering, and streamline operations with Console Connect Private Label.

Resell a full suite of on-demand connectivity services under your own brand with Console Connect Private Label. The fully hosted SaaS solution empowers you to quote, order, manage, and monitor Console Connect's award-winning connectivity services on behalf of your customers.

Gain real-time insights over service status and performance metrics, helping you understand your customers' needs and make informed decisions quickly.

Create a custom-branded centralised platform for your customers to log in and view their services, improving visibility and trust.

Why choose **Console Connect Private Label?**

Faster time-to-market

Immediate deployment of a fully hosted solution, allowing you to start servicing your customers without delay.

Real-time insights

Gain immediate visibility into service status and performance metrics, helping you understand your customers' needs and make informed decisions quickly.

Improved customer experience

Create a one-stop-shop for your clients, enabling them to monitor their services effortlessly while you focus on growing your business.

Fully branded

Tailor the portal to feature your logo, brand colours, and domain name, providing a seamless experience that reflects your brand identity.

Dedicated support

Benefit from 24/7 assistance from our networking experts, guiding you through implementation and customer onboarding to ensure success.

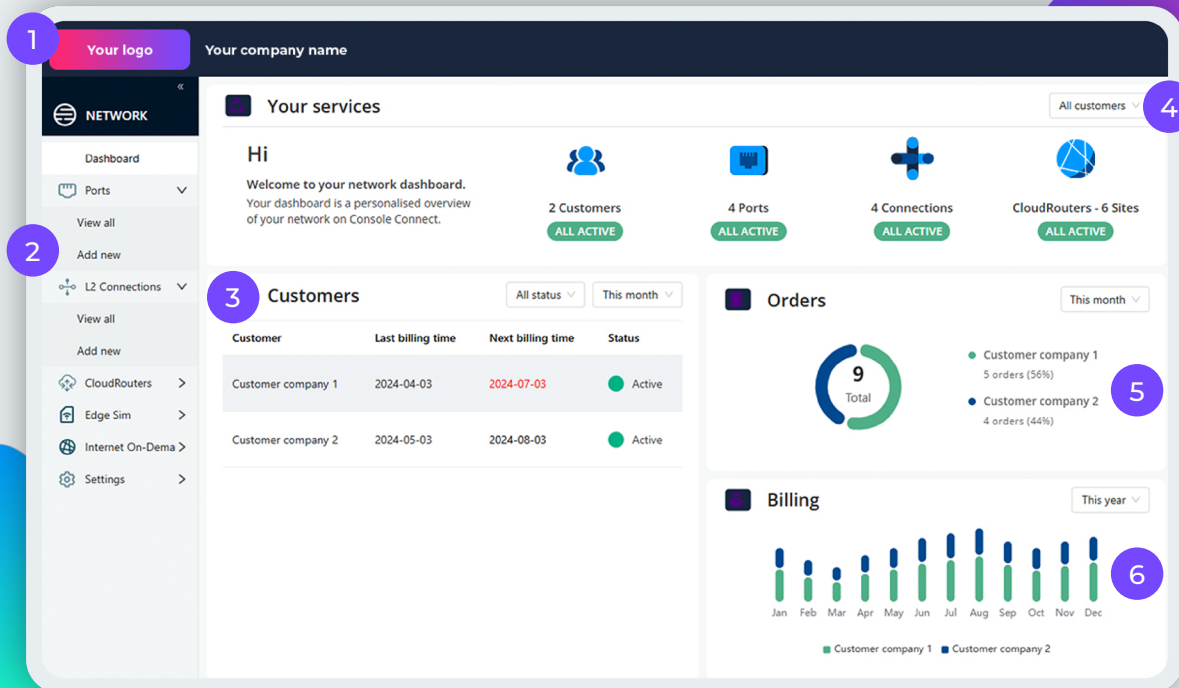

A trusted partner

We are ISO 27001 certified, which means you and your customers' data remains private and protected at all times.

How it works —

- 1 Customise the portal with your logo and brand colours
- 2 Add new ports and connections on behalf of your customers
- 3 Easily access information on individual customers
- 4 Monitor your active ports and connections
- 5 Keep track of all your orders
- 6 View important billing information about your customers

Helping you stay competitive in the market

A variety of Console Connect's leading on-demand services are already available to resell via the portal, with new options being added regularly. Current services include:

- **Access Ports:** Get access to our network and services via a Data Centre Port, with a choice of contract terms and port speeds available to you and your customers.
- **Layer 2 connections:** Provision and manage Layer 2 connections to any major cloud provider and 1000+ data centre locations worldwide. Only pay for the bandwidth you use.
- **Layer 3 CloudRouter®:** Dynamically route traffic between multiple clouds, devices, data centres and other network end points. Select from different tiers of Class of Service.
- **Internet On-Demand:** Resell carrier-grade internet access to your customers. Our service is available on-demand and delivered via a Tier 1 IP network (AS3491) that is consistently ranked in the top 10 globally.
- **Managed Ethernet Hub:** We've recently introduced a new multi-tenanted Managed Ethernet Hub for resellers to rapidly deploy multiple customers and services on a single Access Port.

How do I **sign up?**

- Take control
- Cut complexity
- Make interconnection effortless
